

Beneath a Summer Sky Shawl Kit *to knit* — \$70.50

Summer is behind us, but this shawl will be perfect for every season knit in yarns from local indie dyer **Lisa Souza**, whose fabulous studio is located just up the road from Lofty Lou's.

First, a bit about the shawl, designed by **Debra Gerhard** and knit up as a lovely shop sample by Merchandising Manager **Linda Schumacher**. It's an asymmetrical, triangular-shaped wrap fashioned of simple garter and stockinette stitch stripes, which are combined with a repetitive, relaxing slipped stitch pattern. Instructions are included for making the shawl larger or smaller and also a stitch count table to help you keep track. Suggested needle size: US 6.

Linda has chosen a combination of **Kid Silk Mohair Lace** from Lisa Souza, and a fingering-weight yarn that's new to us, called **Davos**. The lace yarn is a fluffy blend of mohair and mulberry silk in semisolid colorways (500yds/hank). Davos is a shimmering blend of mulberry silk and washable merino wool (540yds/hank). The shawl takes one hank of each.

Kit includes printed pattern and a hank of each yarn for \$70.50, plus sales tax. Or—if you'd like to try this pattern with different yarns—we can help you put together a custom kit (price will vary depending on yarn selected). To purchase your kit, call **530-642-2270** or stop by the shop.

Peacock / Deep Sea

Tui / Raven's Wing

Iced Violet / Wild Things
