

KIT #2 – GIANNA SHAWL (to Crochet)

As the weather warms up, this lovely, airy Gianna Shawl by designer Cristina Mershon is perfect for those spring outfits. This is an intermediate crochet project that includes a v-stitch and shell stitch.

Three triangles are seamed together to form a trapezoid. You'll need 3 skeins of Araucanía Huasco Cotón which is a 100% Cotton variegated yarn in spring colors - some samples shown in the image below. You'll need a size US E-4/3.5mm crochet hook, or size to obtain gauge.

You can download the pattern now from Ravelry, but we'll include a printout in your kit when you purchase the yarn. Stop by the shop or call us at 530-642-2270 to get your kit now.
