

KIT #2 — MACKENZIE TEE (to knit)

Let's revisit this unusual pullover that was a big hit last summer. The Mackenzie Top is designed by Sandi Prosser. Bands of different textured stitches will keep your interest as you are knitting this pretty summer top. This tee features an inverted A-Line shaping that creates the drop shoulder sleeves.

This top features Louisa Harding Lirico (50% Cotton, 28% Acrylic, 22% Nylon) which is a ribbon type yarn with little sewn dots and a stitch running lengthwise. It's also a color changing yarn with long color runs. The beautiful stitches together with the unusual yarn makes this tee truly one-of-a-kind. You'll need 3 or 4 balls of Lirico depending on the size you knit.
