

## Powder Wrap Kit to knit — \$72.00

She's done it again!

Our friend **Casapinka** has come up with a big (90" wide), cozy hug of a wrap to help you ward off the last of winter's chill. It's constructed of three repeating sections and is finished off with a flourish — section of very basic 2/2 cables (right cross, left cross). The diamond shape/trellis stitch sections are formed by knitting 1 stitch under loose strands (K1 uls). Both this stitch and the cables are supported with video links; there's even a beginner's alternative to the cables. Suggested needle size: US 8 (32" circular).

We've paired it with **Ella Rae Cozy Alpaca**, a yarn that's 70% acrylic and 30% baby alpaca — and 100% luxurious. It happens to be easy care (machine washable), too. Super-soft and drapey, this yarn has a bit of sheen, great stitch definition, and we stock it in a rainbow of hues, as you'll see below (178yds/hank).

The kit includes printed pattern and 5 hanks of Cozy Alpaca for just \$72.00 (plus sales tax). Or—if you'd like to try this pattern with different yarns—we can help you put together a custom kit (price will vary depending on yarn selected).
