

Rustic Little Heart

to knit — cost will vary

Rustic Little Heart, from designer **Heidi Kirrmaier**, is a cute little ornament that uses about 17 yards of worsted-weight yarn, but you're welcome to use any weight for hearts of varying sizes. Wouldn't some hearts look great decorating a gift for that special someone? It's knit from the bottom point up, increasing into a diamond shape, then you'll work a semicircle on each side of the top. Suggested needle size: Will depend on yarn chosen.

Your cost for this kit will vary, because you'll get a printed copy of the pattern then have your choice among Lofty Lou's many weights and brands of red, white, or pink yarn. To purchase your kit, visit the shop or call **530-642-2270** today!
