

# KIT #1 — Savannah Pullover (to knit)

Crossover weather is here. The Savannah Pullover by Sandi Prosser is a perfect top for those days that are too warm for wool, yet too chilly for short sleeves. The lace detail, combined with the interesting color changes in the yarn, make this a beautiful springtime pullover to throw on over a tee or cami.

The Savannah Pullover is paired with Brighton Beach, from Queensland Collection (45% linen, 35% cotton, 20% acrylic). This linen/cotton yarn is perfect for transition weather. Plus the small amount of acrylic gives this yarn some strength so it will hang well and not stretch out with wear. The colorways are amazing and Lofty Lou's carries pretty much the entire line. Some sample colorways are shown here. You'll need 3 to 5 cakes in your color choice depending on the size you knit.
