To craft this unique neckwrap from designer Tian Connaughton, you'll crochet a traditional top-down, triangular shawl then join it to make a cowl. Suggested hook size: G (4.0mm).

The yarn we've selected for this kit is Ñuble, from Araucania, a fingering-weight merino wool/silk blend in a rich, hand-dyed palette that practically glows. Shown below are some coordinating and contrasting combos — or knit a solid-colored cowl in a single hue.

The kit includes a printed pattern and two hanks of Ñuble. Stop by the shop or call us at 530-642-2270 to get your kit today!
