

Zig Zag Beanie Kit

to crochet — \$24.00

Merchandising Manager **Linda Schumacher** hasn't forgotten about all you crocheters out there and has designed a **Zig Zag Beanie** to put your hooks to work. It's one of two kits developed specially for the **2021 Sierra Nevada Yarn Crawl!**

Like the knitted beanie, this one uses fingering-weight **Jamieson's Shetland Spindrift** in your choice of 3 contrasting color combinations (115yds/skein). The mill that produces this yarn has been in existence since the 1890s, and all stages of yarn production are completed under one roof. Suggested hook size: D.

Each kit includes printed pattern and 3 skeins of Spindrift (your choice of color combos — we have a huge selection) at a 10% discounted price of just \$21.60 plus sales tax. Stop by the shop or call **530-642-2270** for your kit today!
